

May Newsletter

I hope all of you are doing well and staying healthy during this pandemic. Cadgewith is very busy in the spring and we want to help keep you updated with procedures and things that we hope will happen this summer.

Unfortunately, due to the current social distancing orders in place all events are canceled for May. We will re-evaluate at the end of May and hope we are able to start things back up in June, but we do not know.

Once the stay safe stay home order is lifted, the office staff will be back. However, the office will be open by appointment only. We want to do our best to have distance between people and our lobby is not large enough to do that with so many people. If you need something you may call ahead and we will be prepared for you to come up. If you do stop by without calling, no worries but we may come outside to talk so we can have some distance. We want everyone to stay safe and healthy. Rent can be dropped off in the door or can still be paid online. If you'd like to set up online payments, call the office and speak with Kelly. Maintenance is able to start some work however we ask you keep your distance with them.

Pool.... Lots of questions regarding the pool! Trust me I have the same questions. We are still going to plan to open the pool as scheduled. Please be advised the pool is required to be inspected by the local Health Department prior to opening. I am unsure when they will be able to do this as they are overwhelmed with Covid-19 testing. Trust me I really want it open and if we are able to, I will let everyone know. Please keep an eye on the front office sign for opening information.

Weed N feed, maintenance is now able to purchase weed n feed and hope to get started on the application soon. Just a FYI the weed n feed doesn't include any grub preventative. I don't know the exact time or date yet, but if you called to be on the list it will be completed within the next 2 weeks.

~Emily

Note from the President

I hope this finds all of you well and observing safe distancing. It appears that we wont be having any events until after June 1st. Please check on your neighbors if they cannot get out, we must pull together through this time. We've used this time to make some home improvements. Watch the marquee in front of the clubhouse for any new announcements.

Respectfully Yours Frank McBride

Butterfly

Neighborhood Watch Update

I hope this note finds everyone healthy. We are all in this together and need to stay the course.

Please make sure all garage doors are closed and locked up. Also keep cars locked parked in driveways without any valuables. Leaving your porch lights on, which will also deter criminals.

The speed limit in Cadgewith Farms is 15 MPH, please remind family and friends when they visit the park. With the weather getting nicer there's more people out and about walking.
