

### Presidents Letter

Happy fall to everyone! The leaves are falling, days are getting shorter and soon the cold weather will be here. Please be safe and take precautions to prevent Covid from spreading. The ladies luncheon will be Thursday, November 18th 2pm at Jimmy's Pub (see bulletin board in mail houses for details). The October pancake breakfast was a lukewarm event, with only 32 people attending. Thank you to the steadfast crew that did the set up, serving and clean up. The lasagna dinner was well attended and a lot of people took take out. Thanks to Dale for subbing for Don who was under the weather.

~Respectfully Frank McBride President

We wish to express our sincere "Thanks" to all our friends at Cadgewith Farms for their support in hosting the annual Lasagna Dinner. We are grateful to our many friends during our illness.

Sincerely, Don and Marilyn Williams

## REMINDER TO TURN CLOCKS BACK NOV. 7TH

### Toys for Tots

We'll be participating with toys for tots again this year. We'll have a donation box in the office lobby for collecting toys. Please call (517) 371-1101 before stopping in to make sure there is someone in the office. Last day for donating toys will be Nov. 30th.

### Capital Area Humane Society

The Christmas charity drive is going on now. They are asking for the following items: leashes, collars, harnesses, toys, wet and dry food, treats, empty medicine bottles, old blankets and towels. Also you can donate your .10 returnables to be used as a cash donation. Lets make this a great Christmas for the dogs and cats at CAHS. Drop off items to Pam Jackson 316 St. Ives South. Last day of collection will be Dec. 20th.

### Neighborhood Watch News

Fall is finally here, which means shorter days and longer nights. With longer nights it would help to have more lights on to curb intruders. Porch lights and outside garage lights would help. The more lighting you have will deter unwanted people. One of the best finds I have found are solar lights that you can attach to garages, these are very bright and cost effective too. You can find them on Amazon, Menards, Home Depot and Lowes.

People who walk the property early when it's still dark and late at night, please wear a reflective vest. Cars coming in and going out of the property here don't see you until they are right in front of you. Drivers please slow down, the speed limit here is 15 MPH.

I'm still looking for volunteers to get on Neighborhood Watch, the snowbirds will be leaving soon and right now I have one opening for Friday nights. There will be another opening coming up soon. Plus if anyone wants to take over being coordinator, please get ahold of me. December 31st is my last day as coordinator

Pam Jackson 517-881-0947

### From the Office:

First off we are happy to announce the hiring of our new maintenance assistant, David. You've probably already seen David around the community helping Jake, but we wanted to make if official. Welcome David!!

The gym has gained a couple new pieces of equipment, a Peloton treadmill and bike. We've already had residents come in and try them out. We encourage others to do the same. If you'd like help getting started please call the office to set up an appointment time. Additionally, we ask that you bring an extra set of shoes so that leaves, grass clipping and snow aren't accumulating in the gym.

### Snowbird Reminders

- ◇ Please make sure your water service valve is marked either by a water stick or some other obvious marker
- ◇ The office has a lockbox for house keys if you'd like to drop an extra key off incase of an emergency
- ◇ Check with the office to see if your contact information is correct and up to date
- ◇ Make sure to have your fall yard maintenance arranged before leaving
- ◇ Call the office to schedule your water turn off, these are done M-F first thing in the morning

This is what your water service valve looks like that you'll need to mark.

This is what your water main valve looks like. You can mark if you'd like but Jake will mark regardless.

Here's a good example picture below of how to pile leaves on curb. Keeping center of pile right on curb. So half is on your lawn and other half in roadway.

### Leaf Pick Up Reminder

Leaf pick up is underway, below is the schedule:

November 9th, 17th, 23rd & 30th

December 7th (if needed and will be posted)

- Leaves only
- No yard waste (sticks, grass clippings, flowers, bushes and etc.)
- Do not mulch leaves with your mower, it clogs the machine
- Please try to avoid piling leaves on curved areas of the road, its hard to get close with truck and trailer.
